## 3 Successes for Nixon, Agnew Travels

By DON McLEOD  
Associated Press Writer

WASHINGTON (AP) — The campaign travels of President Nixon and Vice President Spiro T. Agnew stacked up rather poorly against election results Tuesday night, but they had three sparkling successes.

The high points of election success measured against the President's unprecedented participation in an off-year election came in Tennessee and Connecticut where Republican candidates took both governorships and senate seats, and in New York where conservative James I. Buckley, the administration's choice, was elected to the Senate.

Vice President Agnew, who in six weeks of travel spearheaded the administration's campaign efforts, visited all three states, and was the first to repudiate Sen. Charles Goodell, the Republican seeking re-election.

But in almost complete returns from Tuesday's voting, Republicans had won only ten top-ticket contests in the 37 states visited by either the President or vice president or both. Democrats had won 25 of the Senate or gubernatorial races in these states decided by mid-night.

While Republicans had taken statehouse and Senate plums from the Democrats in two states, and a Senate seat in Maryland, Democrats had taken away one Republican Senate seat, in Illinois, and eight governorships in states where the administration chiefs had tried to help local candidates.

One of the biggest Nixon-Agnew disappointments was in Florida where both had campaigned extensively late in the campaign. Democrats ousted Republican Gov. Claude Kirk and thwarted a GOP bid for the Senate seat vacated by retiring Democrat Spessard Holland.

In Texas, where both had campaigned, the GOP failed in strong bids for governor and Senate posts.

The Hope Star's annual Halloween Party was held last Saturday afternoon at the Town and Country Restaurant. The Carriers enjoyed food, games, prizes, music and had a surprise visit from Circulation Secretary Mrs. Kate Baker who came dressed as a witch.

Some of the group in picture are; Mrs. Baker, Dean Stambaugh, Dale Lafferty, Ricky Stambaugh, Brad Rogers, Corky Pankey, Prescott; Jim Browning, Bill McCulley, Richard Fuller, Aaron Sharp, Kenny Rowe and Mike Gray.

becoming vice president in 1965 and Richard Nixon's victim in the 1968 presidential race.

Humphrey's election gives him a platform should he seek to challenge Nixon again in 1972.

At the same time, voters in Massachusetts and Maine kept alive the presidential potential of Edward M. Kennedy and Edmund S. Muskie by returning them to the Senate by large margins.

Gore, the 62-year-old white-thatched orator who was second ranking Democrat on the Senate Foreign Relations Committee was defeated by three-term Congressman W.E. Brock. Agnew stumped the state for Brock after declaring Gore—who rode across television screens on a white charger—to be the administration's No. 1 target.

Tydings, who ranked high on Agnew's list of so-called "radical liberals," was defeated by 43-year-old J. Glenn Beall Jr., a one-term congressman who was minority floor leader of the Maryland House while Agnew was governor.

Republican Congressman Robert A. Taft, son of the late "Mr. Republican" senator and grandson of President William Howard Taft won his second try for the Senate from Ohio, defeating millionaire labor lawyer Howard M. Metzbaum.

The seat had been held by retiring Democrat Stephen Young. The victory of Democrat Lawton Chiles in Florida will bring to the Senate a man who could turn out to be one of its freshest and most colorful new personalities.

"Walkin' Lawton" won a primary election by walking the 1,000-mile length of the state and went on to defeat eight-term Republican Congressman William C. Cramer, with a people-to-people campaign costing only \$50,000.

In California where the final days of a hard hitting law and order campaign were overshadowed by a rock-throwing attack on President Nixon, 35-year-old Tunney denied incumbent Murphy a second term.

In Connecticut, wealthy Lowell Weicker Jr., 39-year-old one-term congressman, defeated Democrat Joseph Duffey, a strong liberal and Congregational minister, and Thomas A. Dodd, a former Democrat seeking re-election as an independent.

Senate leaders of both parties had little trouble winning re-election although Minority Leader Hugh Scott had more than he expected in Pennsylvania. Democratic Leader Mike Mansfield was a shoo-in as expected from Montana.

Stevenson, son of the former two-time presidential candidate and ambassador to the United Nations, easily defeated Republican Smith, seeking election to the seat he was appointed to after the death of Everett M. Dirksen.

After World War II, Indochina became three states—Vietnam, Cambodia and Laos.

## Democrats Crushed GOP Hopes

By THE ASSOCIATED PRESS

The Democratic party juggernaut appeared to be crushing Republican hopes for significant legislative gains in Arkansas in the general election Tuesday.

One Republican incumbent in the House was beaten and two of the other three were in trouble. The only Republican in the Senate, Jim Caldwell of Rogers, did not have to face re-election this year.

Danny L. Patrick of Delaney, Republican incumbent in House District 2, which is Carroll and Madison counties, was defeated.

Rep. Marshall Chrisman in District 8, Newton and Johnson counties, and Rep. George E. Nowotny Jr. in District 12, Crawford and Sebastian counties, were having difficulty mustering enough votes to insure their re-election. Chrisman is from Clarksville, Nowotny from Fort Smith.

Patrick lost to a 21-year-old University of Arkansas law student, Steve Smith, also of Huntsville. Patrick had 4,062 votes and Smith had 4,771.

Here are the results in other legislative races, by districts: Senate District 13, Union County, incumbent W. D. "Bill" Moore Jr. of El Dorado, Democrat, defeated Mrs. Jack L. Turner of El Dorado, Republican, 9,298 to 3,879.

House District 33, Position 2, Grant and Jefferson counties, incumbent Boyce Alford of Pine Bluff, Democrat, defeated the Rev. Mott H. Mosley of Pine Bluff, a Republican and a Negro, 17,465 to 8,182.

House District 33, Position 3, Grant and Jefferson counties, incumbent Sturgis Miller of Pine Bluff, Democrat, defeated write-in candidate John Poynter, former Pine Bluff city collector whose embezzlement conviction is on appeal, 18,842 to 85.

House District 22, with 231 of 506 boxes in Pulaski and Perry counties:

Position 1, W. E. Beaumont, Democratic incumbent, 19,911 and Republican Danny Brooks 10,824.

Position 8, Democrat Ralph Patterson 19,522, Republican Gary S. Coe 10,741.

Position 11, Democrat Bob Traylor Jr. 17,457, Republican Gene Mazzanti 13,456.

Position 12, Democrat John B. Pledge 19,726, and Republican Lloyd R. Haynes 9,858.

Position 13, Democrat Art Givens 20,394, and Republican T. E. Patterson, Negro, 11,647. Senate District 18, Pulaski and Lonoke counties, Position 2, Democratic incumbent Oscar Alagood 15,995, Republican Sam Sparks, Negro, 11,273, with 200 of 552 boxes.

Senate District 18, Position 3, Democrat Dr. James Fowler 15,788, Republican Marion Burton 9,151, with 200 of 552 boxes.

After World War II, Indochina became three states—Vietnam, Cambodia and Laos.

tory over Rockefeller than his triumph over former six-term Gov. Orval E. Faubus in the Democratic runoff primary. Bumpers received about 58 per cent of the vote in defeating Faubus.

The Bumpers percentage of the vote was the largest for a gubernatorial candidate since 1962, when Faubus rolled up 73 per cent in swamping the GOP candidate, Willis "bubs" Ricketts of Fayetteville.

Carruth failed to win his home box at Lexa, where Bumpers received 117 votes, Rockefeller 111 and Carruth 62. Rockefeller, 58, watched returns at one of his offices in the Tower Building in Little Rock, but went to the executive mansion late Tuesday night without showing up at his campaign headquarters.

Marion Burton, Rockefeller's campaign director, said the governor had decided to go to bed without visiting the headquarters. Aides said Rockefeller would make a public statement this afternoon.

He had not conceded defeat at the time he retired.

Burton said at the time that the governor "realizes the votes are coming in very slowly and has decided not to make a statement until more of the votes can be assessed."

Crowds left the headquarters after they were told the governor would not show up. Tears were in the eyes of many women supporters.

Bumpers led in 72 of the state's 75 counties in incomplete and unofficial returns.

Rockefeller, the state's first GOP governor since Reconstruction, led only in Lee, Phillips and Union counties. Rockefeller carried Lee County and it appeared he would carry Union.

Cockrill, 45, who was considered to be grooming to run for governor in the future, did better than Rockefeller, leading in nine counties.

Cockrill had hoped to succeed Republican Lt. Gov. Maurice Britt in office. Britt, who has served two terms with Rockefeller, did not run again this year. He was the governor's campaign manager.

Bumpers' victory capped a startling campaign in which he rose from a political nonentity, virtually unknown outside his hometown of Charleston, population 1,350, to finish second in the eight-man Democratic preferential primary and then to easily dispose of Faubus in the runoff.

Bumpers, whose ability to articulate his thoughts and to project sincerity were considered major campaign assets, was in a jovial mood when he met with supporters.

"I heard a newscaster say tonight that it looks like because of my great success that I was going to pull all of the Democratic legislators into the legislature," he said. "I said I hope I have a tape of that to play back to them when they balk on me (on) the first piece of legislation I have."

One of the issues raised in the campaign by Bumpers was that an impasse had developed between Rockefeller and the General Assembly.

Bumpers said he was pleased to hear that Rockefeller had said he would continue to work for the benefit of the state no matter the outcome of the election.

"I also want to say I think Gov. Rockefeller has made a very worthy contribution to this state both as a citizen and as governor," the governor-elect said. "Certainly he has accomplished many things for the people of Arkansas in his tenure as governor."

Bumpers, who had claimed that he had fulfilled his pledge to unity the faction-riddled Democratic party, said he believed he had received support from most of the independent voters in the state.

He said the number of independent voters had been increasing, most of them coming from the ranks of the Democrats.

He said some "very competent people" were in the Rockefeller administration and that he planned to meet with them soon.

"I hope for a very orderly transition (of government)," Bumpers said. "I know I can expect the utmost cooperation from the governor in achieving that."

He said he had made no decisions on which state employees he would like to keep and which he would like to replace.

Sen. J. W. Fulbright, D-Ark., offered Bumpers his congratulations and said, "It's going to

## \$4.5 Million in Highway Construction

LITTLE ROCK (AP) — The Arkansas Highway Commission will open bids Nov. 25 on eight projects including a \$2 million Interstate 430-Interstate 40 interchange near Little Rock.

The estimated cost of the eight projects is \$4.5 million. Other projects by county:

Clark—Surfacing of Arkansas 7 from Interstate 30 near Arkadelphia northerly for about three miles. Estimated cost of the project is \$680,000.

FAULKNER—Construction of an off ramp on Interstate 30 at the junction of Arkansas 25 northwest of Conway. Estimated cost of the project is \$175,000.

FULTON—Surfacing and construction of three bridges on Arkansas 289 from the junction of U.S. 62 northerly for 7.2 miles. Estimated cost of the project is \$810,000.

JEFFERSON—Installation of traffic control signals at five intersections on the U.S. 65 Expressway in Pine Bluff. Estimated cost of the project is \$64,000.

JEFFERSON — Construction of a chain-link fence along 2.5 miles of the U.S. Expressway in Pine Bluff. Estimated cost of project is \$80,000.

MONTGOMERY — Surfacing and construction of three bridges on Arkansas 298 from Muddy Creek easterly for about six miles to Iron Fork Creek. Estimated cost of the project is \$300,000.

WOODRUFF — Surfacing and construction of one bridge on Arkansas 260 from near Grays easterly for about 2.2 miles. Estimated cost of the project is \$370,000.

be a new day. You're going to make a good governor. You ran a great race."

Bumpers, a longtime member of his local school board, lost in his only previous bid for state office — a 1962 race for the Arkansas House.

Riley, who wears a black patch over an eye that was injured in World War II combat, is a former Pulaski County representative who served as alderman and mayor of Arkadelphia. He is now professor of political science at Ouachita Baptist University.

## Jane Fonda Goes Before Judge Today

By STEPHEN H. MILLER

Associated Press Writer CLEVELAND, Ohio (AP) — Actress Jane Fonda faces a judge today on a charge of assaulting a policeman during a hassle over her arrest on a charge of pill smuggling.

Due next Monday is a preliminary hearing on a federal charge of fraudulently bringing stimulants and tranquilizers into the United States from Canada and assaulting Edward P. Matuszak, a customs agent. The lively scene at Hopkins

## Figures and Facts About Social Security

By KEN HARGIS

QUESTION: I recently filed for social security benefits, but was told I needed two quarters to qualify. Can I pay these quarters myself and qualify for benefits?

ANSWER: No. Social security quarters must be earned from actual work as an employee, or from self-employment.

QUESTION: What is a social security quarter and how are they earned?

ANSWER: A social security quarter is a calendar quarter of the year. For example: January, February, March is a calendar quarter. You receive social security credit for a quarter by working in employment covered by social security with earnings of at least \$50 in that quarter. If you are self-employed and net at least \$400 in the taxable year, then you receive credit for four quarters for that year.

QUESTION: I have worked under social security for a good many years, and I have been told that I can draw monthly benefits. I don't want the medical insurance part of Medicare. Do I have to sign up in the 3 months before I reach age 65 or lose my hospital insurance?

ANSWER: You may sign up any time for the hospital insurance but it is much better to sign up during this period than to wait until you need to go to the hospital. There is no premium charge for Part A, the hospital part of the insurance.

QUESTION: I have always understood that the hospital insurance part of Medicare provided rather extensive protection. However, someone told me that the coverage ended after 60 days' hospital confinement.

ANSWER: Your information is incorrect. An insured worker may have as much as 150 days of 1 benefit period and then 90 days of this would be renewed after the person was not confined to a hospital or skilled nursing facility for a continuous period of 60 days.

QUESTION: A friend of mine has been a bed patient in a nursing home where she received a great deal of skilled nursing care. She said this was covered by her Medicare insurance.

ANSWER: This is possible. The Medicare Part A coverage provides up to 100 days of extended care in a benefit period. There are some restrictions on this care. These restrictions are: person must need the care, doctor must certify the needs, person must have been in a hospital for at least 3 days and admitted to extended care facility within 14 days after leaving a hospital and the admission if for further treatment of the hospital confining illness.

International Airport began when Miss Fonda, 32-year-old wife of French film director Roger Vadim, was detained Tuesday after a flight from London, Ont.

The pill charge was based on a "small quantity" of prescription Dexedrine, Compazine and Valium pills found in Miss Fonda's handbag, her attorneys said.

But Asst. U.S. Atty. Edward Molnar said 105 vials containing some 2,000 other capsules were found in a suitcase and were being analyzed.

"I am not a smuggler," Miss Fonda, daughter of actor Henry Fonda, said in a police station news conference. She complained she had been held incommunicado at the airport for three hours and "pushed" Matuszak only after he blocked her way to a telephone and a restroom.

"She attempted to strike him several times, with some obscenity mixed in," Molnar said. Police patrolman Robert Pieper said the actress kicked him in the thigh when he went to Matuszak's aid.

Miss Fonda has been active in protests against U.S. policy in Vietnam and in behalf of GI rights, American Indian claims, civil rights and the Black Panthers.

She said she had been harassed each time she re-entered the United States since becoming an activist.

Miss Fonda appeared before U.S. Commissioner Clifford Bruce on the federal charge.

Her hands in her coat pockets, she told Bruce she had no U.S. residence "fortunately," and when Bruce insisted that she must have some domestic residence, she asked, "Why?"

### BUSY WORK AT SCHOOL NOT APPRECIATED

Dear Helen:

I wish those teachers who assign excessive or extra homework to students as punishment, or "to keep them busy and off the streets" would realize they are missing their mark by a mile. The unruly student WON'T do the homework. At best, he copies it from the "grind" who dutifully tries to cope with all assigned work, often at the cost of needed sleep.

Each teacher states he is the "only one giving homework." Or "It's not more than half-hour's assignment" — which stretches into an hour and a half for the conscientious. Blah!

I've stopped permitting my child to sit up late on this "busy work." Office workers are through after their seven or eight-hour stint. Why must children spend up to 12 hours a day studying? — on non-essentials? Why can't we invoke the child-labor law? — PARENT OF A RED-EYED GRIND

Dear Parent: You'll be happy to learn that more and more teachers are agreeing with you, even though they don't live in your area.

"Busy work" and those four-hour home grinds are no longer required in a number of schools, because they turn off more students than they turn on.

And so parents are beginning to worry because "Johnny doesn't have enough homework." It's "can't win" time again. — H.

Dear Helen:

My husband is a part time policeman. I was surprised and heartbroken at the number of women who throw themselves at cops. Other wives on the force say the same. Even the Captain's wife.

Our home nearly fell apart two years ago because of these dames, and now it's starting again. I always thought policemen were to keep the peace. Why do women pick them for their fun or to break up homes? — MAD WIFE

Dear Mad: Don't blame your husband's "peace-work" on his part time job. Women only throw themselves at men who are easy catches. And I rather imagine a policeman has less opportunities than does a fellow in an office full of secretaries. — H.

Dear Helen: For 20 years, I worked for a woman who was worth millions. She often said she was going to remember me in her will. Also the housekeeper and nurse.

It's been three years since she died, and I still haven't got anything. Her son took over the estate and I work for him now. He says nothing was left to us.

Should I believe him, or talk to a lawyer about this?

—CHAUFFEUR

Dear Chauffeur: You'd better believe him. Had you been included in the will, the executor of the estate would be duty-bound to notify you.

There's a great difference between promises and action. — H.

Dear Helen:

I'm shocked at that 67-year-old "practicing Christian" who thinks going naked is acceptable conduct. He sounds like a dirty old man to me. People should be

clothed, and that means skirts well below the knee for women and girls! — PROTECTOR OF MORALITY

Dear Pro:

I'll let another correspondent answer you. He writes: Some people say 'No nudes is good nudes,' but I say nudity is all in the way you look at it. It doesn't stir up bad thoughts unless you've been trained to react that way. — MIKE - H.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — One of the television networks in advertising its special election coverage compared it with viewing a horse race. It is probably more fun to watch running horses than climbing numbers but returns-watching is a most engrossing TV spectator sport.

The three major networks on Tuesday night mounted their usual elaborate backgrounds and called on their news staffs to collaborate in reporting the balloting for 35 governorships, 35 Senate seats and 435 seats in the House of Representatives—more than 500 races to put on one screen.

Since each network was receiving the same vote totals, the viewer's decision had to be governed by his choice of commentators, the method by which the totals were presented or the channel with the best reception. The internetwork competition was a race to be first in predicting winners on the basis of early samples.

All network reports evaluated many of the results in terms of President Nixon's and Vice President Spiro T. Agnew's campaign efforts. There was considerable commentary, but none seemed ready to call the national results a great victory for one party or the other or see in the balloting a sharp swing right or left.

With reporters and camera crews in strategic spots over the nation, there were frequent interruptions in the returns to go visiting. There was a report from Sen. Edward M. Kennedy's headquarters in Boston when he arrived for a victory statement; a talk with Gov. elect George C. Wallace of Alabama about law and order and his future plans; re-elected Sen. Philip Hart's generous tribute to

his rival in Michigan, Mrs. George Romney.

Sen. Albert Gore, in Nashville, was moving when he conceded defeat, after 32 years in Congress, to Rep. William Brock. Arthur J. Goldberg in New York was a good sport in conceding to Gov. Nelson A. Rockefeller. Losers, in fact, were more interesting than winners who felt they had to thank everybody in sight.

It was a long night, which each network could be proud of.

## Badgers Top Team in District Play

The Arkadelphia Badgers and the McGehee Owls are just one game away from perfect 1970 football seasons and headed on a collision course that will bring East vs. West in two weeks. Arkadelphia bombed Crossett 41 to 13 and McGehee blasted Star City 39 to 9 in games this past weekend.

The only obstacle to a 10-0 season for the Owls is the Lions of Hamburg, and a 9-0 season for the Badgers is the Cardinals of Fairview. McGehee will be playing at home, but Arkadelphia will be on the road.

Gary Anderson scored five touchdowns in the Arkadelphia win on scoring runs of 1, 11, 23, 6, and 7-yards. He had 171-yards on 16 carries. Bill Vining also tossed a bomb of 63-yards to Bill Hurley.

Ricky Sammons scored four touchdowns in the McGehee win on scoring runs of 8, 58, 7, and 19-yards. He had 265 yards on 29 carries.

Other results last week: Malvern 28 Sheridan 0; Eudora 14 Dermott 0; Warren 43 Dumas 6; Fordyce 34 Monticello 3; Hamburg 13 Lake Village 11; Camden 14 Hope 13; Fairview 7 Magnolia 0.

Other highlights of the weeks play included Ricky Wynn of Star City kicked his third field goal of the season; Warren, a real power in the late season, scored 30 points in the fourth period; Hamburg came from behind with a 65-yard scoring drive in five plays and Camden scored in the final four seconds to edge Hope in their battle for second place in the West. Robert Birdwell kicked a 17-yard field goal for Lake Village and David Dingler tossed a 60-yard pass to Phillip Perini; Larry Cope kicked his third field goal of the season for Monticello; Mark Higgs had 120-yds., on 14 carries for Fordyce.

Closing out the season in other games will be Camden at Malvern; Crossett host to El Dorado; Dumas at Dermott; Lake Village at Eudora; Warren at Fordyce; Star City at Monticello; Magnolia host to Ashdown; and Hope at Nashville.

Gary Anderson of Arkadelphia took over the individual scoring leadership with 15 touchdowns for 90 points. Ricky Sammons of McGehee is second with 81-points.

Bill Hurley of Arkadelphia leads the extra point kickers with 27 PAT.

David Dingler of Lake Village leads in pass interceptions with 13.

## Viking QB Is Player of the Week

MINNEAPOLIS-ST. PAUL (AP) — Want to get Minnesota Vikings' Coach Bud Grant steamed up?

Ask him about his quarterback, Gary Cuozzo.

"I wish people would quit asking us if we are surprised how Gary is doing," said Grant. "We are not at all surprised by his play."

Similar questions came flowing in after Cuozzo passed for 253 yards and two touchdowns Sunday as the Vikings defeated the Detroit Lions 30-17 and took sole grasp of first place in the Central Division of the National Football Conference.

The performance earned Cuozzo the award as The Associated Press Offensive Player of the Week.

Cuozzo, at one point against the Lions, crossed up his own teammates and the Lions with a 15-yard gain around end without any blocking.

Was Grant surprised?

"I wouldn't be surprised if

## Flood Agrees to Play for Senators

NEW YORK (AP) — Curt Flood has agreed to play center field for the Washington Senators next season under a contract that contains the reserve clause he sat out a whole year to protest.

The decision, expected since last week when Flood indicated he would sign with the Senators, came out of a meeting here between Flood, Washington owner Bob Short and baseball commissioner Bowie Kuhn.

An announcement released simultaneously in Philadelphia and Washington said the Senators were giving the Phillies veteran utility man Greg Gossen and rookies Gene Martin, an outfielder-first baseman, and pitcher Jeff Terpko for the acquisition of Flood's contract.

While Flood's celebrated \$4.1 million anti-trust suit against baseball and the reserve clause system remains in the courts, his future on the field now seems certain for at least the 1971 baseball season.

At Washington, he joins one of baseball's other problem players, pitcher Denny McLain, another recent Short acquisition in a multi-player trade with Detroit.

Money appeared to be the main reason Flood ended his holdout. His contract with the Senators reportedly will call for a salary of about \$110,000 a year, and Flood said last week "like everybody else, I've had some business reverses and I need the Money."

However, he added, "I still think the reserve clause stinks." Kuhn had said earlier any contract Flood signed would have to contain baseball's traditional reserve clause, which binds a player to one team unless he is traded, released or quits.

Flood claimed when he instituted his suit against baseball that the clause made players "slaves." A federal court judge ruled against him in New York, but he presently is appealing the decision.

Following the New York meeting, Flood was reported to have left for Denmark, where he has made his home during the past year. He avoided the press.

Short also was unavailable for comment.

Kuhn would only say Flood had not yet signed a contract "as far as I know, but Washington thinks he will sign."

The 32-year-old center fielder, one of the best in the game during his 14 major league seasons with the St. Louis Cardinals, played in three World Series and three All-Star games and hit .293 for his career.

However, the Cardinals dealt him to Philadelphia with catcher Tim McCarver, reliever Joe Hoerner and reserve outfielder Byron Browne for slugging Richie Allen, pitcher Jerry Johnson and reserve infielder Cookie Rojas. Flood balked at the move from St. Louis and filed his suit.

### SPORT SHORTS

**By THE ASSOCIATED PRESS**  
MONTREAL (AP) — The Montreal Expos have purchased the contract of shortstop Jesus "Pepe" Frias from their Jacksonville, Fla., Class AA minor league affiliate and assigned pitcher Rich Nye outright to the Class AAA Winnipeg Whips.

MONTREAL (AP) — The 14 National Hockey League clubs will each be allowed to dress 18 players, plus two goaltenders, for the remainder of the season, league President Clarence Campbell said Tuesday.

The teams had previously been allowed 18 skaters during the regular season and that was increased to 17 this season until Nov. 1. The new limit was voted in a telegraphic poll of the teams.

## Hogs Leading the Nation in Scoring

NEW YORK (AP) — Notre Dame is controlling the football in its games this year at a record-shattering pace.

The Fighting Irish are averaging 96.7 plays per game and that's 33 more per game than Notre Dame's opponents. No other major college team is even close, the National Collegiate Sports Service said today in releasing the weekly team offense leaders.

Notre Dame, ranked second in the current Associated Press poll, stands first in total offense for the fourth straight week. Coach Ara Parseghian's crew is averaging 544.5 yards per contest.

Auburn's Pat Sullivan has propelled the Plainsmen to the lead in team passing. Auburn took over first place with a per-game average of 282.3 yards. Top-ranked Texas remained the rushing leader. The Longhorns chew up the turf—artificial and natural—at the rate of 391.7 yards per game.

The scoring leader is Arkansas, averaging 42.4 points per game, followed by Notre Dame, 40.5 points, and Texas, 39.8 points.

## Burnett Best Scorer in Conference

**By THE ASSOCIATED PRESS**  
It's Steve Worster by ground, Chuck Hixson by air, Bill Burnett on the board, and Derek Davis with the butterfly net in the Southwest Conference football statistics.

Of course, Worster rolled for 144 yards against SMU and the Texas ramrod now has an average of 106.1 yards per carry. Hixson, the all-time NCAA passing king, completed 31 of 47 passes for 381 yards —the second most productive games of his career—in the SMU 45-15 loss to Texas.

Hixson of the Mustangs now has 1wt completions for 1,305 yards and a 56 per cent completion average.

Burnett of Arkansas leads in scoring with 78 points although he probably will be lost for the season with a shoulder separation.

Baylor's Derek has caught 34 passes for 572 yards and two touchdowns.

Gary kicked a field goal," Grant said.

The Vikings, under Cuozzo, have won six of their seven games to support the quarterback's theory after Joe Kapp became a holdout and was traded to the Boston Patriots.

"I can win with the Vikings," said Cuozzo, who was considered a more refined playmaker than Kapp. But there were those who wondered about Cuozzo's leadership ability.

"Winning is everything," says Cuozzo. "Whatever it takes, I'm willing to do. Sure, it would be nice to have the statistics but sometimes it's hard to tie the two together. It's sure better to win."

Cuozzo, in his first season as a

## Pistons Are Surprise of Pro Cagers

**By THE ASSOCIATED PRESS**

The Detroit Pistons certainly lead the early balloting as the National Basketball Association's most improved and surprising team. They probably got Cincinnati's vote Tuesday night.

The Pistons, after a last place finish in 1969-70, came from behind to beat the Royals 115-112 and gather their 10th victory in 11 starts this season.

Two of the reasons for the improvement are No. 1 draft choice Bob Lanier and second year man Steve Mix, who each sank three free throws for the Pistons' last six points.

In other NBA games, Chicago beat Seattle 113-101 in Chicago and Los Angeles defeated host Portland 126-108.

In the only American Basketball Association contest, Memphis edged Texas 116-114 at Memphis, Tenn.

Detroit trailed by seven points in the third quarter before pulling ahead 86-81 in the fourth. The Royals tied it at 105, 107 and finally at 109 before Lanier and Mix each hit a free toss for a 111-109 lead, and the Royals never caught up as the pair added two more free throws apiece.

Dave Bing led the Pistons with 31 points, while Flynn Robinson had 23 for the Royals, who at 3-7 have been almost as bad as the Pistons have been good. Reserve center Jim Fox and Chet Walker each scored 18 points in the final quarter to rally Chicago past Seattle. The Bulls blew a 62-47 halftime lead when Seattle scored 13 straight points.

Seattle held a 97-95 lead with 4:14 left but Walker hit three free throws and Fox a basket and a free throw for a 101-97 lead the Bulls never lost. Walk-

## Bob Gibson Wins the Cy Young Award

**By HAL BOCK**  
Associated Press Sports Writer  
NEW YORK (AP) — The Cy Young Award voted to Bob Gibson Tuesday won't add a penny to his 1971 salary.

That's because the flame-throwing St. Louis right-hander has already agreed to a \$150,000 contract—probably a record major league salary.

Gibson became the third man in history to win the Young Award as the top pitcher in his league more than once since its inception in 1956. Denny McLain and Sandy Koufax were the other repeaters.

Gibson, 23-7 for the Cardinals after winning only two games in the first six weeks of the 1970 season, received 23 of the 24 first place votes in balloting by the Baseball Writers Association of America.

The other first place ballot went to San Francisco's Gaylord Perry, who finished second to Gibson in the voting. Gibson, the only hurler named on all 24 ballots, totaled 118 points. Perry finished with 51 and Ferguson Jenkins of the Chicago Cubs had 16.

Gibson's slow start—he was 2-3 in late May—stirred whispers that the Cardinal ace might be on the way down. But he wiped them out with strings of 10 and seven consecutive victories and went over the 20-victory mark for the third straight year.

"I was as strong in 1970 as I was two years ago when I won the award," said Gibson, who celebrates his 35th birthday on Monday. "I had no arm trouble, but I get more tired every year. The older you get, the harder it is."

Gibson was one of the few bright spots for the Cardinals, who finished fourth in the National League's East Division.

In all, 10 pitchers received mention from the 24 voters—two in each NL city. Reliever Dave Giusti of Pittsburgh and Jim Merritt, Cincinnati's 20-game winner, tied for fourth place with eight points and then came Cincinnati's Gary Nolan (5) Tom Seaver of the New York Mets, the 1969 winner, (4), Cincinnati reliever Wayne Granger (3) Carl Morton of Montreal (2), and Luke Walker of Pittsburgh (1).

Gibson won his first Cy Young Award in 1968 when McLain took the AL award. McLain shared the 1969 AL award with Baltimore's Mike Cuellar, prompting a change in the voting procedure. This year, three pitchers were named on each ballot with first place worth five points, second place three points and third place one.

Koufax is the only three-time winner in the history of the Cy Young Award, having won it in 1963, 1965 and 1966.

Gibson, always a workhorse, started 34 games and pitched 294 innings for the Cards last season. He struck out 274 batters, walked 88 and compiled a 3.12 earned run average in going over the 20-win mark for the fifth time in his 11-year career.

His 23 victories last season marked Gibson's single season high. He has a career record of 190-117 with an ERA under 3.00 and a 7-2 World Series log.

The American League Cy Young winner will be named later this week.

## Class B Back Leading State Scorer

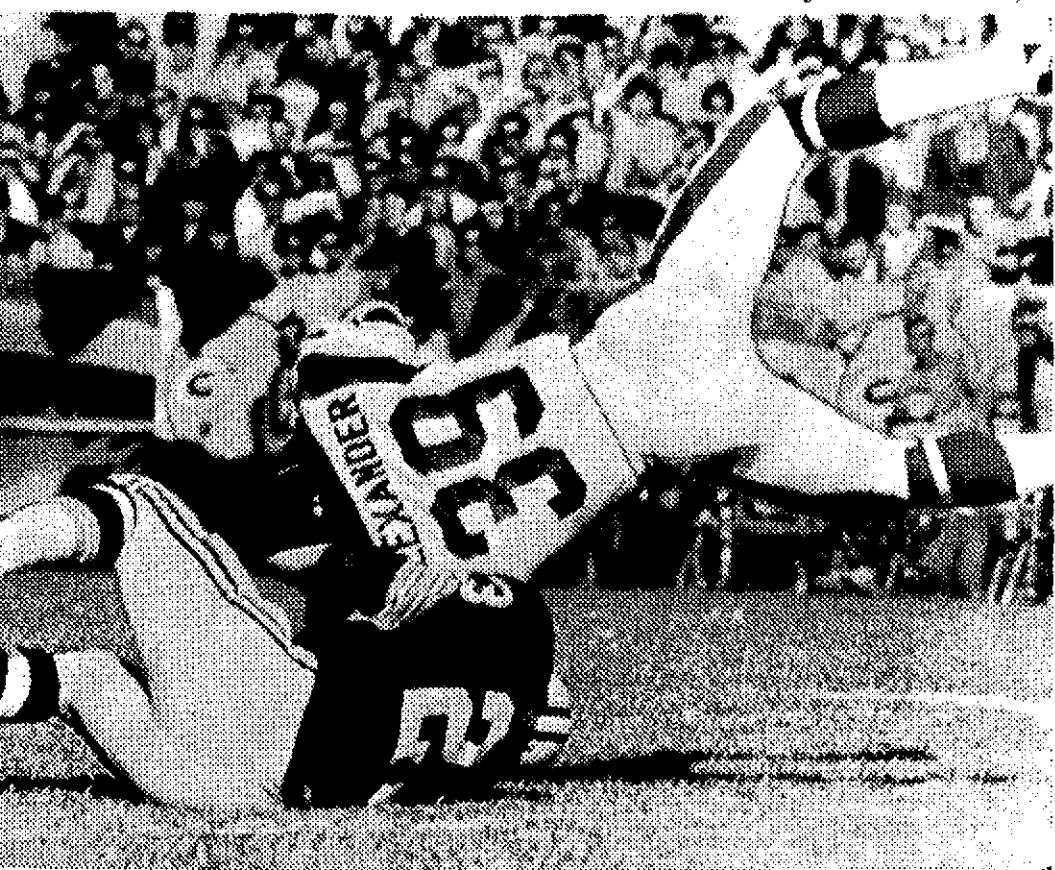

LITTLE ROCK (AP)—Mike Anderson of Class B Greenland is the top high school scorer in Arkansas according to figures released Tuesday by the Arkansas Activities Association.

Anderson has scored 148 points on 23 touchdowns and 10 extra points. Bill Plemmons of Fouke, also a Class B school, is second with 124 points on 19 touchdowns and 10 extra points.

Rogers Carter of Fort Smith Northside leads AAAA scorers with 16 touchdowns and 17 extra points for a total of 113. R. L. Steward of Forrest City is the top AA scorer with 20 touchdowns for 120 points. James McDaniels of Morrilton

er finished with 30 points.

Led by Wilt Chamberlain, who had 23 points, 15 rebounds and blocked nine shots, Los Angeles broke open a close game with a 10-point spurt in the second quarter against Portland.

KERMIT ALEXANDER (39) of the Los Angeles Rams provides the illusion of a tilted goal post as he heads turfward.

## Picks Winners in College Play Sat.

**By HERSCHEL NISSENSON**

Associated Press Sports Writer  
NEW YORK (AP) — Stanford continues its run for the roses Saturday against Washington in an attempt to become the first team in five years other than Southern Cal to represent the Pacific-8 in the Rose Bowl on New Year's Day.

Will the Indians make it? All they need is one more conference victory. Stay tuned and find out.

Other attractive matchups include Louisiana State-Alabama, Houston-Mississippi and Air Force-Oregon.

Washington at Stanford—Two of the top passers in the country hook up in this one. Stanford's Jim Plunkett has completed 132 of 250 for 1,985 yards and 12 touchdowns with 14 interceptions. Sonny Sixkiller, Washington's Cherokee chucker, is 133 of 252 for 1,612 yards, nine TDs and 19 interceptions. Pasadena, here comes ... Stanford.

Louisiana State vs. Alabama at Birmingham—With last Saturday off, LSU's Charlie McClendon scouted Alabama against Mississippi State "and I'm kind of sorry I did," he says. In quarterback Scott Hunter, halfback Johnny Musso, etc., Alabama has what Bear Bryant calls his best time since 1966, which produced an 11-0 record. The pick, thanks to a stingy defense that will remind Brant of his glory days, is ... Louisiana State.

Houston at Mississippi—M&M equals Manning and ... Mississippi.

Air Force at Oregon—Falcons' Bob Parker and Oregon's Dan Fouts should fill the air with footballs. Ninth-ranked Air Force has been asking for it and Ducks are smarting from last year's 60-13 debacle. Upset special of the week ... Oregon.

Ohio State at Wisconsin—buckeyes' countdown to Michigan reaches two. Ohio State.

Illinois at Michigan—This is asking too much for the inspired Illini. Michigan.

Pitt at Notre Dame—In the last five years, Notre Dame has outscored Pitt 252-27. Irish are ranked second but right on Texas' heels. Notre Dame.

Oklahoma State at Kansas State—Wildcats can't go to a bowl but are only one-half game behind Nebraska in the Big Eight and face the Cornhuskers one week hence. Barring too much of a look-ahead ... K-State.

Missouri at Oklahoma—Neither team is going anywhere but this is always a battle. Missouri.

Harvard at Princeton—First of the Big Three matches, but Harvard is the weakest of the three. Princeton.

leads the Class AA scoring race with 15 touchdowns and 14 extra points for 104 points. Rickey Ray of Booneville is the Class A leader with 15 touchdowns and six extra points for a total of 96.

After nine weeks of the season, five teams are unbeaten and untied and only a tie mars the record of three others.

McGehee and Ashdown, both Class AA teams, are 9-0. Class A Clinton is 9-0 as is Class B Dierks. Arkadelphia, another AA team, is 8-0.

Hot Springs, the leader in AAA-West, is 7-0-1 and Jonesboro, the leader in AAA-East, is 8-0-1. Marked Tree, a Class A team, is also 8-0-1.

## U of A Board Smashes ASU Game Proposal

LITTLE ROCK (AP) — The chairman of the Board of Trustees of the University of Arkansas, said Tuesday he could see no need for the U of A Board to meet with the Board of Trustees of Arkansas State University to discuss ASU's request for a football game with the Razorbacks.

"We think our athletic department is doing a great job over-all and our policy has been to let them schedule football games, D. P. Raney of Little Rock said. "I see no need for the two boards to meet on a matter that is left up to our athletic department."

## Kiwanis Hears Coach

—Henry Haynes photo with Star camera  
RONNIE HIGGINS

Hope High School Head Coach, Ronnie Higgins, was the guest speaker at Tuesday's meeting of the Hope Kiwanis Club. Coach Higgins was invited to bring a film of one of the Bobcat games and to conduct a "skull session" with the club, just as if they were team members.

The coach pointed out that he and his staff, during the season, did not grade the players on their game performances, but used the films for training purposes, pointing out to the players their strong points, weak points, and their mistakes, explaining how they might have improved their individual and team efforts and performances.

He stated that most high schools exchange films with other schools in order that the teams might get a pre-view of next week's opponents. The films are also sent to college and university coaches and scouts, making it possible for an outstanding athlete to be brought to the attention of a college coach, leading, in many instances, to an athletic scholarship.

George Frazier was welcomed back into the Kiwanis Club after a necessary leave of absence. Guests at Tuesday's meeting were Ron Harrod of Prescott, and Key Clubbers, Joe Fouse and Don Williams.

CHERRY HILL, N.J. (AP) — A record 1,903 yearlings of 1969 have been nominated for the Garden State and Gardenia Stakes to be run at the Garden State track next fall.

The \$125,000-added Garden State, for 2-year-olds, closed with 966 nominations, 50 more than last year's list. The Gardenia, for 2-year-old fillies, drew 937 nominations, 40 more than last year. Both races are at one mile and a 16th.

## TCU's Dribbles Is Player of the Week

By MICHAEL A. LUTZ  
Associated Press Writer

The day Larry Dribbles signed a scholarship agreement with Texas Christian University, he had his sights set on becoming the Fort Worth School's first black All-American.

After his performance against Baylor last Saturday, he'd likely get the Bears' vote. The rangy sophomore from Dallas did get The Associated Press vote for the Southwest Conference Defensive Player of the Week.

But as Dribbles—all 6-foot-7, 240 pounds of him—goes about atting his goal, he presents a contrasting figure to those around him.

"He's the type of player who searches through the ball carriers until he finds the ball," said head coach Fred Taylor as he watched a film of Dribbles knocking down a running back, then getting up and tracking the ball carrier.

"He can be as good as he wants to be," Taylor added. TCU assistant coach Allie White said: "He's the type of kid you don't want to coach too much because he probably wouldn't do it like you wanted but would get better results his way."

And Dribbles, a man of few words, put it this way: "I like to play reckless."

Baylor likely would agree with Dribbles' explanation of his play. Against the Bruins, Dribbles made 11 tackles—including four behind the line of scrimmage—and recovered a fumble that stopped a Baylor drive at the TCU five.

The AP's Offensive Player of the Week is Texas' fullback Steve Worster, who topped himself by earning the honor for the second consecutive week.

"I think everybody has to have a goal in life," Dribbles said concerning his All-America bid. "You need something to work up to and I just thought that would be a pretty good one."

On Dribbles' fumble recovery, he said he actually was recovering from a mistake.

"The back ran passed me and I started chasing him," Dribbles said. "Then Hodges Mitchell tackled him and the ball got loose and I jumped for it (by leaping over several players on the ground)."

Worster, better known around the SWC as "Woo", was the No. 1 ranked Longhorns' leading battering ram in tumping Southern Methodist 42-15. He cranked out

HOPE (ARK.) STAR, Printed by Offset

144 yards rushing in 25 carries and tied a school record with four touchdowns.

It would have been an exhausting afternoon's work for anyone and it left Worster so tired, he couldn't push over a record-breaking fifth touchdown when UT marched to the SMU one late in the game.

"I was so tired, I couldn't see the line," Worster said. "I was hoping someone would let me fall in but it doesn't work that way."

Woo's running mate, Jim Bertelsen leaped into the end zone moments later and Worster remarked: "I might have scored if I had thought of jumping. But I might not have been able to get off the ground."

Texas Tech's Doug McCulchen was the only other offensive player to receive mention in the voting. Other defensive players receiving mention were Arkansas end Bruce James; Arkansas linebacker Jimmy Fryer; Texas end Bill Atessis; Texas tackle Scott Palmer; TCU back David Dixon; Rice rover Bucky Allhouse; and Rice guard Roger Roitsch.

## Gilbert Best Back of Week For Georgia

By HERSCHEL NISSENSON  
Associated Press Sports Writer

As a freshman, Paul Gilbert broke Georgia's rushing and passing records for a frosh quarterback, one of which was set by Fran Tarkenton.

In three varsity seasons, however—most of which were spent on the bench—Gilbert managed to complete only 14 of 39 passes for 147 yards and no touchdowns and carried 33 times for 66 yards—a total offense of 213 yards.

That was before last Saturday's game against South Carolina. In that one, the 6-foot, 185-pound senior came off the bench in the second period to replace injured Mike Cavan with Georgia trailing 21-3.

All he did was complete 13 of 20 passes for 243 yards, including a 60-yard scoring toss; carry 10 times for 27 yards and three touchdowns and throw for a pair of two-point conversions in rallying the Bulldogs to a 52-34 victory.

Gilbert's performance, which won him honors as AP Back of the Week, was another example of the old adage: "If at first, etc." He was the No. 1 quarterback during the first week of practice but soon dropped behind sophomore James Ray and Cavan.

In 1967, the hometown boy from Athens, Ga., was No. 2 quarterback but suffered a knee injury and sat out 1968. Last year he was a semi-regular at the end of the season, starting the Sun Bowl game against Nebraska and scoring Georgia's only touchdown.

"I have never seen a more tremendous performance than Paul Gilbert gave Saturday," said Coach Vince Dooley. "I don't think I've ever been prouder of a team or of an individual."

"Paul is not average," Dooley said. "He is far above average. This type of boy should be an inspiration to everybody in all walks of life. He kept trying and trying and he finally had his day."

He'll get another day against Florida this weekend, having won the starting nod.

## Bowl Pact Signed by Mo. Valley

DALLAS, Tex. (AP) — The Missouri Valley Conference has signed a two-year contract with options with the Pasadena Bowl calling for the league's football champion to meet the winner of the Pacific Coast Athletic Association in the annual December event—probably San Diego State this time.

The MVC champion will appear in Pasadena as the eastern representative for the Dec. 19 classic. San Diego State, a nationally ranked power, has been the dominant factor in PCAA football. The Aztecs stormed to the conference championship in 1969 and then defeated Boston University 29-7 in last year's Pasadena Bowl game.

The MVC's last post-season bowl game representative was Tulsa which earned a bid to the 1965 Bluebonnet Bowl.

Game chairman Bob Cheney of the Pasadena Jaycees hailed the new contract as a progressive step in the future of the Pasadena Bowl.

## Receives an Award

HERBERT C. GREENHAW

Conservation Technician Herbert C. Greenhaw of Hope, left, received a Certificate of Merit from Elmar L. Roget, head of Soil Conservation Service work in Arkansas, at special awards ceremonies in Little

Rock on Friday (October 30). The award was made for sustained high quality performance in providing technical services to landowners in the Hempstead County Conservation District, Roget said.

## Colts' Curtis Stars on Defense

By DICK COUCH  
Associated Press Writer

NEW YORK (AP) — Baltimore's brute force defensive unit hasn't yielded a touchdown in two games, but Mike Curtis still sees room for improvement.

Curtis, the Colts' rugged middle linebacker, intercepted two passes and had a hand in 15 tackles last Sunday as the American Football Conference's Eastern Division leaders swamped Miami 35-0.

Then he took a look at the game statistics—and almost blew his top.

"They got 201 rushing yards," Curtis growled. "That's terrible. Things like that should never

## No Bets After 3 Horses Are Tranquilized

WESTBURY, N.Y. (AP) — The sixth race at Roosevelt Raceway Tuesday night became a non-betting affair after three horses were scratched because of evidence they have been tranquilized.

"Routine pre-race examina-

tion of the horses entered re-

vealed evidence that some may have been tranquilized," said a statement from the New York Harness Racing Commission which ordered the elimination of wagering on the race, a mile pace.

The pacers scratched were Al-lambie A., Killarney Sharpie and Highland Raider.

Similar incidents have occurred recently at Greenwood race track in Toronto and Hazel Park in Michigan.

## Nixon Seems Satisfied With Outcome

SAN CLEMENTE, Calif. (AP) — President Nixon, who made a major investment of time and energy in the 1970 campaign, was described today as well satisfied with the outcome of balloting for Senate and House seats.

Having scaled down initial high hopes of several weeks ago, Nixon and his associates could claim a victory of sorts in the results, which closely paralleled the final and more modest pre-election predictions of presidential aides.

Asked to sum up White House views on the results, Press Secretary Ronald L. Ziegler said Tuesday night:

"We're pleased ... We have turned the trend of tradition."

Ziegler referred to the off-year tradition that the party holding the White House normally loses 30 to 35 House seats and also surrenders strength in the Senate. This year, however, some observers had not anticipated GOP Senate losses because 25 Democratic seats were at stake compared with only 10 held by Republicans.

In one area, the White House clearly was disappointed. Herbert Klein, the administration's director of communications, acknowledged, "I think we can honestly say we would like to have done better ... in the governorships." The Democrats took over 12 state houses from the GOP.

Robert Finch, counselor to the President, said "there is no national trend out of" the election returns. But he said, "We have broken the historical mold."

Had Nixon not campaigned in 23 states, Finch said, "There would have been a far different result."

Klein also praised the campaign role of Vice President Spiro T. Agnew, acknowledging that Agnew had drawn a lot of criticism.

## Tune Up Furnace For Winter Ahead

By RICHARD PUTNAM PRATT

Now that the frost is on the pumpkin, it's time to get interested again in that fire in the furnace.

Unfortunately, modern heating systems operate too simply for the good of their owners. A gas-fired, high-efficiency boiler, for example, when equipped with a pilot light and thermostat, simply shuts itself off in the spring and turns on again in the fall.

The owner can easily lull himself into the belief that he has purchased a perpetual-motion machine that will go on forever.

If he allows himself to be thus beguiled into a state of inaction, however, it's liable to be an expensive vacation.

No appliance will remain in perfect operating condition for long if it is not regularly cleaned and adjusted.

The gas-fired boiler is a good example. It uses either manufactured or natural gas which must be mixed with oxygen to burn properly. The gas must come through a tiny orifice, while the oxygen comes through a port controlled by a shutter.

Let this orifice become partially clogged, or the shutter slip, and the result is an incorrect mixture.

Unfortunately, an incorrect mixture will burn, after a fashion. But it probably won't produce sufficient heat, and it will almost certainly cost more money than

it should.

Oil burners are even more prone to maladjustment, if only because there are more things to go wrong. Lines, pumps, screens and nozzles are all subject to clogging. Annual cleanings are essential.

Here again, the amount of heat you will get for your money is controlled by how finely the combustion mechanism is tuned, and that's a job for an expert.

Ideally, all this kind of work should have been done last summer. Public utilities will sometimes clean and adjust free in the summer, but levy a charge for the same kind of work done after the heating season begins.

But don't let that make you put it off. You are still in the earliest stages of the heating season. Money spent now to correct inefficient heating plants will pay a dividend in fuel savings for at least six months.

One other job you probably meant to do last summer can also cut heating costs. That's the weatherstripping of doors and windows.

Somebody once estimated that the little chinks and cracks in a typical house would equal an opening the size of a small window if they were all added together. Anyone who has lived in an older house will have little trouble believing that.

But even new homes have gaps that contribute to heat loss. The most obvious ones are usually around outer doors, particularly at the bottoms. As little as one-eighth of an inch crack there, multiplied by the three-foot width of the door, becomes a hole 4½ inches square. That's enough to let in quite a breeze.

Weatherstripping is cheap and not too demanding a job. So snoop around the edges of your doors and windows. Whenever you feel a breeze on your cheek, you'll know that's a place where a piece of stripping will save you money.

## Constitution Proposal Is Defeated

LITTLE ROCK (AP) — The proposed new state constitution, easily the most far-reaching proposal on the general election ballot, was defeated in Tuesday's general election.

Two other acts on the ballot, one to repeal the state's full-crew train laws and one to provide for a state library building, also were defeated.

With 2,133 of 2,453 precincts reported, there were 126,092 votes for the constitution to 179,938 against.

With 2,126 of 2,453 precincts reported, there were 140,011 votes for repeal of the railroad laws to 176,938 against.

On the question of whether to increase the corporate franchise tax by two one-hundredths of one per cent to build the library, the vote, with 1,126 precincts reported, was 83,815 for to 145,036 against. The vote on whether to issue general obligation bonds to finance the structure was 86,203 for to 130,871 against.

Gov. Winthrop Rockefeller and Dale Bumpers, the Democrat governor-elect, and their respective parties endorsed the proposed new constitution.

Foes of the proposed document contended it would open the door to higher taxes. They argued that the present constitution could be kept up-to-date through amendments.

Supporters of the proposed constitution said it would open the door to streamlined government, modern and more efficient management. They pointed out that the new constitution would permit no tax increase without voter approval.

Foes had argued that the proposed document would force the reorganization of 150 to 200 state agencies and offices into a few major departments, but the charter provided that such a reorganization would be carried out by the people's elected representatives in the General Assembly.

Under the document, the offices of lieutenant governor and secretary of state would be combined, the offices of treasurer and auditor would be combined and the post of land commissioner would be abolished. Four-year terms for governor also would have been granted.

The full-crew issued centered on whether a six-man crew — an engineer, a fireman, a conductor and three brakemen — were needed for safety's sake on a train of 25 or more cars.

Railroad workers also argued, however, that repeal of the laws would permit the railroads to eliminate 500 jobs, but railroads publicly pledged through their representatives to eliminate jobs only through promotions and retirements so that no railroad employee would lose his income.

The railroads said that no state neighboring Arkansas required a crew of more than four. Union men in Arkansas countered that the accident rate for railroads in all the neighboring states is much higher than in Arkansas, possibly as a result of having smaller crews on the railroads in those states.

The library proposal, Act 341, was drafted to increase the corporate franchise tax by two-hundredths of one per cent to pay for up to \$3 million in construction bonds for construction of a state library building on the state Capitol grounds.

No corporation would have paid more than \$5,000 per year. Subject to that limitation, the proposed act would have raised the minimum tax paid by corporations from \$11 to \$31 per year. All three gubernatorial candidates approved Act 341.

**Prisoner Taken in Oklahoma**  
KIEFER, Okla. (AP) — The Oklahoma Highway Patrol said Tuesday that Kenneth Tinker, 22, an escapee from Cummins Prison Farm, Ark., was arrested late Monday night in this northeastern Oklahoma town.

Tinker, who was serving a four-year sentence for possession of stolen property, burglary and parole violation, escaped from the Arkansas prison Oct. 21.

The patrol said Tinker offered no resistance when arrested in a Kiefer home.

## Republicans Increase Strength But Control Still With Democrats

### John Paul Easy Winner for Congress

LITTLE ROCK (AP) — Republican Congressman John Paul Hammerschmidt easily defeated Democrat Donald Poe Tuesday to claim a third term from Arkansas' 3rd District.

Hammerschmidt, 48, was the only Republican candidate for major office to withstand Tuesday's blitz by Democratic nominees.

The state's lone GOP congressman, he also was the only representative with opposition. The other three were re-elected without opposition. They are Wilbur D. Mills, David Pryor and William V. Alexander.

With 762 out of 842 precincts reported, Hammerschmidt had 78,359 votes and Poe 39,791.

Hammerschmidt, then a Harrison lumber dealer who was chairman of the state GOP, won his congressional seat in 1966, defeating the veteran Democratic incumbent J. W. Trimble, in the year that Gov. Winthrop Rockefeller won his first term.

Rockefeller did not carry any of the 25 counties in Hammerschmidt's sprawling district Tuesday.

Hammerschmidt conducted a low-key campaign in which he emphasized his support of President Nixon's Vietnamization policy and his belief that the administration was making headway in combatting inflation.

Poe, 65, a lawyer of Warren, called for a quick withdrawal of American troops from Vietnam after an exchange of prisoners. He said a chief issue of the campaign was a need for lowering interest rates.

He is a former state senator and representative.

Both Hammerschmidt and Poe supported legislation to make the controversial Buffalo River which flows through the district a national, protected river that would be left in its free-flowing state. But Poe claimed that Hammerschmidt had permitted the legislation to linger in the House without coming to a vote.

## Panhandler Is Victim of Many Remarks, Here Are Some He's Tired of

By HAL BOYLE  
NEW YORK (AP) — Remarks that a panhandler gets tired of hearing:

"I suppose if I give you a quarter you'll spend it all on a cigar."

"Here's a dime. That won't get you a meal, but it will buy enough bubble gum for you to fill up on."

"Last week Roscoe was hobnobbing along on a crutch. This week he's wearing an eyepatch. If he ever came to Hollywood's attention, his acting would win an Oscar every year."

WASHINGTON (AP) — Republicans increased their strength and President Nixon gained a little ideological leverage in the Senate, but Democrats kept control in Tuesday's election.

Defying off-year election history, Republicans were assured a minimum net gain of three seats in the chamber of Congress that has been Nixon's most implacable foe. The Democratic majority had been 57 to 43.

A most important Republican victor came in Tennessee, where Albert Gore was vanquished, fulfilling a major administration ambition. Vice President Spiro T. Agnew said Gore was the GOP's No. 1 target.

Republicans also won in Connecticut, Maryland, and Ohio while Rep. Richard Roudebush was locked in a tight fight with Democratic incumbent Vance Hartke in Indiana.

The GOP suffered losses in Illinois, where Adlai Stevenson III dropped incumbent Sen. Ralph T. Smith, and California where former song and dance man Sen. George Murphy lost to John V. Tunney.

Conservative James Buckley won New York's turbulent three-way contest, scoring a solid ideological gain for the White House in national security and defense matters. Liberal incumbent Charles Goodell, read out of the party by Vice President Spiro T. Agnew, ran a poor third behind Democrat Rep. Richard Ottinger.

Buckley has said he will vote with Republicans in organizing the Senate, but Harry F. Byrd Jr., a former Democrat who was re-elected as an independent to a second term, is expected to vote with the Democrats.

Although Republican George Bush lost in Texas, conservative Democrat Lloyd M. Bentsen Jr. will replace the liberal Democrat he defeated in the primary, Sen. Ralph Yarborough.

The Senate result fell short of predictions by Vice President Spiro T. Agnew who carried the White House banner in a rock 'em sock 'em law-and-order campaign estimated by some to have cost both parties \$65 million nationwide.

But the Republican gain broke a tradition that has seen the party in power lose an average of four Senate seats in every off-year election since 1914.

Among the Senate class of 1970 will be a familiar face—that of Hubert H. Humphrey. Minnesota voters overwhelmingly returned him to the Senate where he served 16 years before

## Hempstead Voters for Bumpers

Hempstead County, like most of Arkansas, went Democratic in all but one race giving Congressman John Paul Hammerschmidt a good lead of 3,535 to 2,480 for his opponent, Poe. In other races it was all Democrat.

Dale Bumpers got 4,161 votes; Rockefeller 2,156 and Carruth, 285.

For Lt. Governor Riley received a big majority of 4,075; Cockrill 2,111 and Blanton 168. Native son Kelly Bryant had a commanding vote of 4,629 to 1,693 for Sheets.

For Attorney General it was Thornton all the way with 5,321 votes to 577 for Warnock.

The voters defeated the library tax issue the vote being 3,617 against to 1,491 for. The bond issue in connection with the tax was also defeated 2,825 to 1,925.

The constitution vote was beaten but it was close, 2,863 against and 2,687 for.

Act 1, to repeal the Arkansas full crew law was approved by County voters but apparently defeated statewide. The vote was 3,282 for and 2,605 against. The continuing road tax was again close, passing 2,769 for and 2,655 against.

In the only race in the City of Hope, Frank Douglas defeated D. June Cornelius for City Board of Directors, 1,813 to 906.

Justice of Peace winners for DeRoan Township were Crit Stuart Jr., Jim James, Perry Henley, Riley Vickers, Lynn Montgomery, Norma Jean Delaney, Frank Ingersol, Doyott Collins, William Walden, Austin Hutson, James M. Anderson, James Luck, Marvin Waterson, Bill Ellis, Jesse A. Brown, George Walden.

Justice of the Peace, Ozark Township, D.M. Worthy and Tommie L. Love won. The vote was Worthy 215, Love 189 and Matthews 178.

## Marine Charged With Aiding the Enemy

WASHINGTON (AP) — The Marine Corps today charged a recently returned sergeant with desertion and aiding the enemy in Vietnam by making "pro-Communist and anti-American propaganda" while a prisoner.

The Marine Corps announced the filing of charges against Sgt. John M. Sweeney, 21, of West Babylon, N.Y. He returned voluntarily to the United States Aug. 31 from Sweden where he said at a news conference he had defected 18 months earlier after his company commander had shot at him and left him to die in the jungle.

In addition to the charge of aiding the enemy, Sweeney was accused of quitting his unit "with intent to avoid hazardous duty, namely ground combat against the enemy" and that he "did remain so absent in desertion" until Aug. 31, when he landed back in the United States.

A third charge alleged that Sweeney abandoned his rifle and ammunition "in the presence of the enemy."

## Bryant Happy Over Confidence of People

LITTLE ROCK (AP) — Secretary of State Kelly Bryant said today that he "truly appreciated" the "faith and confidence" that the voters of Arkansas expressed in me" in Tuesday's general election.

Bryant defeated Republican Jim Sheets of Siloam Springs for his fifth term in office. "I campaigned on my record and the policy of dedicated service to all the people of Arkansas and it stood the test," Bryant said. "I also want to express my deep appreciation to my many friends and supporters throughout the state for their confidence. Without their help, our victory would not have been possible."

## Dale Bumpers Crushes Governor Rockefeller in Democratic Victory

### Kelly Bryant Winner of Fifth Term

LITTLE ROCK (AP) — Secretary of State Kelly Bryant won a fifth term in Tuesday's general election and Ray Thornton Jr. of Sheridan was elected the state's new attorney general. Both won handily.

Bryant defeated Republican Jim Sheets and Thornton whipped American party nominee John Norman Warnock of Camden.

With 2,133 of 2,453 precincts in, Bryant had 213,954 votes to 125,029 for Sheets.

Thornton received 261,361 votes to 39,242 for Warnock.

There was no Republican candidate for attorney general. The American party fielded no candidate for secretary of state.

Bryant, 62, of Hope is vice president of the National Association of Secretaries of State and his election placed him in line for automatic ascendancy to the presidency of the organization.

Sheets, 39, formerly a state legislator, was a public relations man for John Brown University at Siloam Springs before entering the campaign.

Thornton won a hotly contested primary race against state Sen. Richard Earl Griffin of Crossett and was not expected to have any trouble in defeating Warnock.

Thornton, nephew of W. R. "Witt" Stephens, president and chairman of the board of Arkansas Louisiana Gas Co., will succeed Atty. Gen. Joe Purcell, who did not seek re-election, running, instead, for the Democratic party gubernatorial nomination. Purcell finished third in the Aug. 25 primary.

## Light Snow in Northern Part of State

By THE ASSOCIATED PRESS  
Light snow fell in northern portions of Arkansas Tuesday and Tuesday night, but there was no significant accumulation.

There was a chance of brief snow flurries in the higher elevations of Northern Arkansas today.

Scattered light showers, mainly in the northeast half of the state, were also expected today, ending by early tonight. The low pressure system aloft that set off the precipitation was moving eastward out of Arkansas this morning.

Cold weather will continue, but a gradual warming trend is expected as a high pressure ridge takes over.

Temperatures were on the cool side again Tuesday with highs in the 40s and 50s. Lows tonight should be in the 30s with highs Thursday 50s and low 60s.

Overnight lows included 34 at Fayetteville, 32 at Harrison, 34 at Jonesboro, 35 at Pine Bluff, 37 at Texarkana, 37 at El Dorado, 37 at Memphis, 39 at Little Rock and 41 at Fort Smith.

## Sentenced in Fatal Shooting

PINE BLUFF (AP) — Circuit Judge Henry W. Smith sentenced John L. Taylor, 25, Tuesday to seven years in prison for the death of his wife.

Taylor was found guilty Thursday of voluntary manslaughter. Smith had delayed sentencing until Tuesday.

Taylor had been charged with first-degree murder in the shooting death of his wife, Vickie Lou, last April 29 at their home in the Harding community near Pine Bluff.

The jury had recommended a seven-year sentence.

## Full Control of Statehouse Is Assured

By ROBERT SHAW  
Associated Press Writer

LITTLE ROCK (AP) — Democrat Dale Bumpers, who left the obscurity of a smalltown law practice five months ago to run for governor, swept Republican Gov. Winthrop Rockefeller from office Tuesday in a crushing victory that carried the Democrats to full control of the statehouse.

While not formally claiming victory, Bumpers told joyous supporters as his vote total inched up to 65 per cent that the denial of a third term to Rockefeller was "obviously one of the greatest victories in the history of the state."

Moving into office with Bumpers, 45, was Dr. Bob Riley of Arkadelphia, 45, a political science professor, who defeated Republican Sterling R. Cockrill Jr. of Little Rock to win the lieutenant governor's race.

The victories of Bumpers and Riley re-established Democratic hold on all seven state constitutional offices and raised questions about the future of a state two-party system that Rockefeller hoped to strengthen by winning a third two-year term.

Rockefeller had said before the election that his defeat would not mean the death of the two-party system, but the severity of his defeat was considered a brutal blow to his efforts to put the GOP on a par with the Democratic party.

John Paul Hammerschmidt, Republican Congressman of Harrison, who rode into office when Rockefeller won the first of his two terms in 1966, withstood the Democratic onslaught Tuesday and won easy election to a third term over Democrat Donald Poe in the 3rd District.

The state's other three congressmen, all Democrats, were re-elected without opposition. They are Wilbur D. Mills, David Pryor and William V. Alexander.

Jim Sheets, the Republican nominee for secretary of state, joined Rockefeller and Cockrill in defeat despite a well-financed campaign. Republicans also failed to capture the 20 legislative seats they expected they would win.

"I know that this victory and the margin of it shows that the people have great faith in me," Bumpers said. "They have great faith in my leadership ability and I sincerely hope I'll never do anything to make you believe your faith in me has been misplaced."

With 1,946 of the state's 2,453 precincts reported, Bumpers had polled 250,530 votes and Rockefeller 123,814. Walter Carruth, 38, American party nominee, never given a chance at winning but whose candidacy it was said might cut into Bumpers' strength, drew 24,842 votes.

Carruth had hoped to win at least 15 per cent of the vote, the amount an American party candidate for state office needed to obtain in order to maintain the party's recognition by the state. Carruth's percentage of the vote remained at about six per cent.

Riley had 195,034 votes, Cockrill, who jumped from the Democratic part to the GOP earlier this year, pulled 131,219. American party candidate Hubert L. Blanton of Hughes had 18,433.

Bumpers' vote total reached a peak of 65 per cent, then fell to about 63 per cent as late returns poured in.

But he appeared to be heading to a more resounding victory. See FULL CONTROL.

# Party Was Over Before It Began

By DALA MCKINSEY  
Associated Press Writer

LITTLE ROCK (AP)—In Gov. Winthrop Rockefeller's headquarters in the Marion Hotel here Tuesday night the party was over—before it began.

When Marion Burton, Rockefeller's campaign director, announced shortly after midnight that the governor had retired for the night and would not come to the headquarters, a small group of supporters stood tight-lipped and a few of the campaign workers cried.

Within 30 minutes few were left in the Marion, which has been the political hub in campaigns gone by, but has been abandoned as a hotel.

The picture was different at the Dale Bumpers headquarters.

Bumpers did not claim victory, but he said that his lead appeared to be insurmountable.

Bumpers said he soon will take a short vacation and that he had promised the respite to his wife.

"If I don't give her one, we're going to have a high-class divorce in Charleston, Arkansas," he said.

Sen. J. W. Fulbright, D-Ark., told him: "It's going to be a new day. You're going to make a good governor. You ran a great race."

Bumpers said at one point that he was pleased to hear that Rockefeller had said he would continue to work for the benefit of the people of Arkansas no matter what the outcome of the election.

"I also want to say I think Governor Rockefeller has made a very worthy contribution to this state both as a citizen and as governor. Certainly, he has accomplished many things for the people of Arkansas in his tenure as governor," Bumpers said.

Police investigated three bomb threats phoned against Bumpers' headquarters and at a Little Rock hotel where a victory celebration was in progress.

The first call was received by police, who evacuated Bumpers' campaign headquarters.

A short time later, a threat was made against the hotel and while police were searching the hotel a third call was phoned to police warning that a bomb had been planted in the hotel.

No bomb was found.

# Half-Picked Pocket

It was intermission time at the theater, and the lobby was crowded. Suddenly a patron felt his wallet being eased out of his back pocket. Whirling around, he seized both the wallet and the hand of the culprit.

In due course, the fellow was arrested on a charge of larceny. At the trial, however, he came up with a defense.

"I admit I had theft in mind," he told the court. "But I never did get that wallet more than half way out of the man's pocket. Maybe I'm guilty of an attempt, but nothing more."

Nevertheless, the court found him guilty of larceny, as charged. The judge said the offense was complete when he took full possession of the wallet and began moving it out of the victim's pocket.

The crime of larceny requires both a taking (even for a short time) and a carrying away (even for a short distance). Nothing less will do. Thus:

A prudent woman shopper kept her purse in a coat pocket, tied by a string to the inside of the pocket. Here, too, a man was caught in the act of lifting the purse out.

But this time, the court held him guilty of attempt only, not larceny. The court said that because of the string binding the purse to its owner, the defendant had never gotten it fully into his possession.

What about a would-be shop-lifter who never gets the merchandise out of the store? Consider this case:

A woman pushing a shopping cart took a package of beef out of the freezer. But instead of dropping it in the cart with her other items, she slipped it inside her purse. An observant employee caught up with her just before she reached the checkout stand.

When she was unable to explain her conduct, the woman was arrested on a charge of larceny. At the trial, she insisted that she could not be convicted because she had never gotten the beef out of the store.

But the court held her guilty anyhow. The judge said she had taken "complete and exclusive control" of the package by placing it inside her purse.

"The fact that the possession was brief," said the court, "is immaterial."
